*Якщо ви плануєте поїхати у відпустку в країну, де багато незвичайних споруд, а саме готелів, то потрібно розглянути Південну Корею як один з пріоритетних напрямків подорожей.*

1. Hotel The Designers may sound like some high-end fancy designer hotel but in reality, it's a chain of modern and chic hotels designed by a bunch of artists. You can find their hotels in several areas such as in Samseong, Jongno, Incheon, Seoul Station, and other. Each hotel has a different aesthetic layout and design for every room. Staying here is like playing design roulette; you'll never know which room you'll be getting!

2. Imperial Palace Boutique Hotel. Each room features a unique wall mural painted against pure white walls, making your room stand out. So, if you're a minimalist at heart but don't mind a pop of colour, this is the place to be. The one feature that this hotel has that its competitors don't is the super-cool swings installed in the hotel lobby for you to play around.

3. Sotetsu Hotels The Splaisir Seoul Myeongdong. LINE Friends fans, if you're looking to elevate your Seoul-searching experience, book your stay at the Sotetsu Hotels The Splaisir Seoul in Myeongdong. It has a cute LINE-themed room that'll just get the super fan in you all hyped up. The room and suite looks better than you can ever imagine – LINE pillows, deco, gigantic plushies, and even shower curtains! You'll definitely sleep well in the LINE Friends heaven.

4. Hotel Boutique 9. We just love-love-love this hotel's artsy take on its interior. From blanc et noir to cosy themed rooms, there's something that'll suit everyone's cup of tea. If you've never slept on, let alone seen, a round-shaped bed, this hotel offers you that option for you to experience it. We also love its suite equipped with a spa bath so you can't take a relaxing dip while enjoying the city view.

5. L7 Hongdae by LOTTE. This hotel by LOTTE is not only located in one of the coolest districts in South Korea, it also has a scenic rooftop pool that your Instagram feed will thank you for. The cosy rooms will make you feel right at home. Not only will you get awesome views of the city from the comfort of your room, you can also enjoy the same views while dining.
